Dear Bob:

Enclosed are six (6) copies of the Site Operations Plan
 for the RI/FS at the SCP Carlstadt Site.

Please provide the New Jersey Department of Environmental
 Protection's comments within 21 days of the date of this
 letter.

The Administrative Order provides the Responsible Parties
 with an opportunity to meet and discuss our comments within
 5 days of receipt of those comments. I plan to provide all
 comments by December 13, 1985, therefore, we may schedule
 a meeting during the week of December 16, 1985, if you want
 to alert anyone from Water Resources.

As always, thank you for your cooperation.

Sincerely yours,
